

Wildflower Association of Michigan

Encouraging the preservation and restoration of
Michigan's native plants and native plant communities

WAM GRANT FINAL PROJECT REPORT Due November 1 of Project Year

As follow up to our funding and in order to help future grantees improve their overall success, the Wildflower Association of Michigan requests a Final Project Report in November of the year the grant is awarded.

- List specifics on how WAM funding was spent.
- List your goals from the original proposal and describe your success with each goal.
- Describe your greatest challenges.
- Describe your plans for maintaining the project for the coming year.
- Illustrate how the project has already impacted Michigan youth and other citizens.
- Offer advice that could be given to another group attempting a similar project.
- Attach photo documentation from before, during, and after the project implementation.
- Attach copies of any publicity given the project.

PLEASE attach THIS REPORT to an EMAIL and send it to: wamgrants@gmail.com
